The Honorable Board of Supervisors  
County of Los Angeles  
383 Kenneth Hahn Hall of Administration  
500 West Temple Street  
Los Angeles, CA 90012

Dear Supervisors:

**AS-NEEDED UNDERGROUND WATER UTILITY MARKING SERVICES  
SUPERVISORIAL DISTRICTS 3, 4, AND 5  
3 VOTES**

**IT IS RECOMMENDED THAT YOUR BOARD:**

1. Find that the contract work is exempt from the provisions of the California Environmental Quality Act (CEQA).
2. Award a contract and delegate authority to the Director of Public Works to execute the contract for "As-Needed Underground Water Utility Marking Services" to Underground Technology, Inc., located in Ventura, California. This contract will be for a period of one year commencing on June 19, 2003, or upon Board approval and the Director's execution of the contract, whichever occurs last, with two 1-year renewal options not to exceed a total contract period of three years.
3. Delegate authority to the Director to renew this contract for the two 1-year renewal options, if, in the opinion of the Director, renewal is warranted, or to terminate the contract, if, in the opinion of the Director, it would be in the best interest of the County to do so.
4. Authorize the contractor to proceed with the work in accordance with the contract's specifications, terms, conditions, and requirements.

5. Authorize Public Works to encumber an annual amount not to exceed \$180,000 representing the estimated maximum annual cost for this service. Funds for the contract's first year are available in various Public Works' 2002-03 budget units.

### **PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

The purpose of this action is to have your Board approve a contract which will provide for intermittent, as-needed underground utility locating and marking services primarily within the County's Waterworks Districts No. 29, Malibu; No. 36, Val Verde; No. 37, Acton; No. 40, Antelope Valley; and Marina Del Rey Water System which includes Malibu, Topanga Canyon, and Marina Del Rey areas. Since 2000, Public Works has contracted for this service. Public Works has a requirement to locate and mark its underground utilities, mainly water lines, in response to excavation notices received from USA Dig Alert Center. Locating and marking underground utilities will forewarn permitted excavators as to the utility's existence which will decrease the possibility of damage to the utility and/or a creation of hazard to the public during the excavation.

### **Implementation of Strategic Plan Goals**

This contract meets the County's Strategic Plan Goal of Organizational Effectiveness. This service is provided on an intermittent, as-needed basis and the contractor has the expertise to complete the work, which will allow this work to be provided in a more responsive manner.

### **FISCAL IMPACT/FINANCING**

This contract's amount is not to exceed \$180,000 annually. This contract will be for a period of one year commencing on June 19, 2003, or upon Board approval and Director's execution of the contract, whichever occurs last. With the Board's delegated authority, the Director may renew this contract from year to year for a total contract period not to exceed three years. In any event, this contract may be canceled or terminated at any time by the County, without cause, upon the giving of at least 30 days' written notice to the contractor.

Funds for the contract's first year are available in various Public Works' 2002-03 budget units. There will be no impact on net County cost.

This contract allows cost-of-living adjustments for the two-optional years in accordance with County policy established by the Chief Administrative Office.

### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

Prior to the Director executing this contract which will be substantially reflected in Enclosure C, the contractor will execute and County Counsel will review it as to form.

Public Works has evaluated and determined that the Living Wage Program (Los Angeles County Code Chapter 2.201) does not apply to this recommended contract that is for services required on an as-needed and intermittent basis.

### **ENVIRONMENTAL DOCUMENTATION**

These services are categorically exempt from the CEQA as specified in Class 9 of the Environmental Document Reporting Procedures and Guidelines adopted by your Board on November 17, 1987, Synopsis 57.

### **CONTRACTING PROCESS**

On March 27, 2003, Public Works solicited proposals from 66 independent contractors and community business organizations to accomplish this work. Also, notice of proposal availability was placed on the County's bid website (Enclosure A) and an advertisement was placed in the Los Angeles Times.

On April 28, 2003, two proposals were received. The proposals were first reviewed to ensure they met the mandatory requirements as outlined in the Request for Proposals (RFP). Having met these requirements, they were then evaluated by an evaluation committee consisting of Public Works' staff. The committee's evaluation was based on criteria described in the RFP that included proposed cost, references, technical competence, and approach to work. Based on this evaluation, Public Works is recommending that a contract for this work be awarded to Underground Technology, Inc., located in Ventura, California, who was found to be the most responsive and lowest-cost proposer to perform the required service.

Enclosure B reflects the proposers' minority participation. The contractor was selected upon final analysis and consideration without regard to race, creed, gender, or color.

This contract contains Board-approved contract terms and conditions regarding current and new employee notification of the Federal-earned income tax credit, agreement to maximize to the extent possible the use of recycled-content paper products, contractor responsibility and debarment, jury service requirements, no payment for services received after contract expiration or termination, and the Safely Surrendered Baby Law.

The Honorable Board of Supervisors

Public Works has confirmed that the Child Support Services Department has received the contractor's Principal Owner Information Form in compliance with Los Angeles County Code, Chapter 2.200 (Child Support Compliance Program).

Proof of the required Comprehensive General and Automobile Liability insurance policies, naming the County as additional insured, and evidence of Workers' Compensation insurance will be obtained from the contractor before any work is assigned.

As requested by your Board, the contractor has submitted a safety record which reflects that activities conducted by the contractor in the past have been according to reasonable standards of safety.

In accordance with the Chief Administrative Officer's June 15, 2001, instructions, this is Public Works' assurance that this contractor will not be requested to perform services which will exceed the contract's approved amount, scope of work, and/or terms.

#### **IMPACT ON CURRENT SERVICES (OR PROJECTS)**

The award of this contract will not result in the displacement of any County employees, as this service is presently contracted with the private sector.

#### **CONCLUSION**

One approved copy of this letter is requested.

Respectfully submitted,

JAMES A. NOYES  
Director of Public Works

D. GAIN/GROW Program

As a threshold requirement for consideration for contract award, Proposers shall demonstrate a proven record of hiring participants in the County's Department of Public Social Services' Greater Avenue for Independence (GAIN) or General Relief Opportunity for Work (GROW) Programs or shall attest to a willingness to consider GAIN/GROW participants for any future employment opening if they meet the minimum qualifications for that opening. Additionally, Proposer shall attest to a willingness to provide employed GAIN participants access to Proposer's employee mentoring program, if available, to assist these individuals in obtaining permanent employment and/or promotional opportunities. Proposers who are unable to meet this requirement shall not be considered for contract award. (See forms list, above.)

E. Child Support Compliance Program

Proposers must certify in accordance with the provisions of Section 2.200.060 of the County Code that: (1) the Principal Owner Information Form (attached) has been appropriately completed and provided to the Child Support Services Department with respect to the Proposer's Principal Owners; (2) the Proposer has fully complied with all applicable State and Federal reporting requirements relating to employment reporting for its employees; and (3) the Proposer has fully complied with all lawfully served Wage and Earnings Assignment Orders and Notices of Assignments and continues to maintain compliance. Such certification must be submitted on the Child Support Compliance Program Certification (see forms list,

above). Failure by the Proposer to provide the Principal Owner Information Form to the Child Support Services Department will be grounds for a finding by the County that the Proposal is nonresponsive.

F. Jury Service Program

1. The resultant contract from this RFP will be subject to the requirements of the County's Contractor Employee Jury Service Ordinance ("Jury Service Program," Los Angeles County Code, Chapter 2.203). Proposers should carefully read the pertinent jury service provisions in Part II, Section 3.U. The Jury Service Program applies to both contractors and their subcontractors. Proposals that fail to comply with the requirements of the Jury Service Program will be considered nonresponsive and excluded from further consideration.
2. The Jury Service Program requires contractors and their subcontractors to have and adhere to a written policy that provides that its employees shall receive from the contractor, on an annual basis, no less than five days of regular pay for actual jury service. The policy may provide that employees deposit any fees received for such jury service with the contractor or that the contractor deduct from the employee's regular pay the fees received for jury service. For purposes of the Jury Service Program, "employee" means any California resident who is a full-time employee of a contractor and "full time" means 40 hours or more worked per week, or a lesser number of hours if: 1) the lesser number is a recognized industry standard as determined by the County, or 2) the contractor has a long-standing practice that defines the lesser number of hours as full time. Therefore, the Jury Service Program applies to all of a contractor's full-time California employees, even those not working specifically on the County project.
3. There are two ways in which a contractor might not be subject to the Jury Service Program. The first is if the contractor does not fall within the Jury Service Program's definition of "contractor." The Program defines "contractor" to mean a person, partnership, corporation or other entity which has a contract with the County or a subcontract with a County contractor and has received or will receive an aggregate sum of \$50,000 or more in any 12-month period under one or more County contracts or subcontracts. The second is if the

PART I - SPECIFICATIONS AND CONDITIONS (continued)

contractor meets one of the two exceptions to the Jury Service Program. The first exception concerns small businesses and applies to contractors that have 1) ten or fewer employees; and, 2) annual gross revenues in the preceding 12 months which, if added to the annual amount of this contract is less than \$500,000; and, 3) is not an "affiliate or subsidiary of a business dominant in its field of operation." The second exception applies to contractors that possess a collective bargaining agreement that expressly supersedes the provisions of the Jury Service Program. The contractor is subject to any provision of the Jury Service Program not expressly superseded by the collective bargaining agreement.

4. If a contractor does not fall within the Jury Service Program's definition of "Contractor" or if it meets any of the exceptions to the Jury Service Program, then the contractor must so indicate in the Certification Form and Application for Exception (See forms list, above) and include with its submission all necessary documentation to support the claim such as tax returns or a collective bargaining agreement, if applicable. Upon reviewing the contractor's application, the County will determine, in its sole discretion, whether the contractor falls within the definition of Contractor or meets any of the exceptions to the Jury Service Program. The County's decision will be final.

G. Local Small Business Enterprise Preference Program

In evaluating proposals, the County will give preference to businesses that are certified by the County as a Local Small Business Enterprise (Local SBE), consistent with Chapter 2.204 of the Los Angeles County Code. Proposers who wish to be considered for this preference should do so using the attachment entitled Request for Local SBE Preference Program Consideration and CBE Firm/ Organization Information Form. (See Forms List, Section 1.B.11 above.) A Certified Local SBE is a business: 1) certified by the State of California as a small business enterprise; 2) having its principal office currently located in Los Angeles County for a period of at least the past 12 months; and 3) certified by Office of Affirmative Action Compliance as meeting the requirements set forth in 1 and 2 above. Certified Local SBEs must request the SBE Preference in their solicitation responses and may not request the preference unless the certification process has been completed and certification affirmed. County must verify Local SBE certification prior to applying the preference.

PART I - SPECIFICATIONS AND CONDITIONS (continued)

Sanctions and financial penalties may apply to a business that knowingly, and with intent to defraud, seeks to obtain or maintain certification as a certified Local SBE.

Information about the State's small business enterprise certification regulations is in the California Code of Regulations, Title 2, Subchapter 8, Section 1896 et seq., and is also available on the California Department of General Services Office of Small Business Certification and Resources Web site at <http://www.pd.dgs.ca.gov/smbus/default>.

H. Vendor Registration

Proposers must register on line with the County's Web-based vendor registration system to facilitate the contract award process. Registration is accessible through the "Doing Business with Us" link on the County's Internet Home Page at [www.lacounty.info](http://www.lacounty.info).

SECTION 2

SCOPE OF WORK

A. Proposal Requirements and Conditions

Proposers are requested to review Part II, Section 2 - General Proposal Requirements and Conditions as well as the County's "Policy on Doing Business with Small Business" and the County's "Vision" statement (both attached).

B. Proposers' Conference

Prior to submission of Proposal, all Proposers are required to attend a Proposers' Conference to be held at Public Works Headquarters, Conference Room C, 900 South Fremont Avenue, Alhambra, California 91803, on April 14, 2003 at 2 p.m. **ALL INTERESTED PROPOSERS MUST ATTEND THIS CONFERENCE.** Proposals received from proposers not signed in as attending this Conference will be rejected as nonresponsive. Proposers are encouraged to be prepared to ask questions concerning this Request for Proposals' requirements, specifications, terms, and conditions. Upon conclusion of the Proposers' Conference, Public Works will only provide further clarifications and/or answers concerning this solicitation through an addendum(s) to all who attended the conference.

C. Work Location

The work location for this project will be Public Works' water systems in the County's North Maintenance Area (Waterworks District No. 36, Val Verde; No. 37, Acton; No. 40, Antelope Valley) and South Maintenance Area (Waterworks District No. 29, Malibu; and Marina Water System, covering Malibu, Topanga Canyon, and Marina Del Rey areas), as further defined below in Part I, Section 2.F.1, Definitions, and illustrated in Exhibit A.

D. Public Works' Contract Contact

The Contractor's contact with Public Works regarding this Contract for the North Maintenance Area will be Dan Jones at (661) 940-5456, Extension 223, and Mark Carney at (310) 456-9661, Extension 242, for the South Maintenance Area.

E. Work Description - General Statement

Public Works desires to establish a contract with a contractor with expertise in locating underground water utility installations (facilities), as required by California Government Code Section 4216. The locating and marking work will be for all water facilities owned and operated by Public Works in the areas listed above in Part I, Section 2.B, Work Location.

The Contractor shall comply with all requirements of the Regional Notification Center (RNC) (i.e., Underground Service Alert of Southern California or "USA Dig Alert") and California State Law.

F. Definitions

1. Service Area: For the purpose of this Contract, the Service Area is defined as Public Works' water systems in the County's North Maintenance Area (Waterworks District No. 36, Val Verde; No. 37, Acton; No. 40, Antelope Valley) and South Maintenance Area (Waterworks District No. 29, Malibu; and Marina Water System) as illustrated in Exhibit A. In addition, the service area for the South Maintenance Area includes feedlines supplying these water systems, plus related facilities, connecting to District boundaries from the following:
  - a. Interconnection to Metropolitan Water District, located at the intersection of Venice and Sawtelle Boulevards in West Los Angeles.
  - b. Emergency interconnection to Los Angeles Department of Water and Power, located at Girard Pump Station, 1720 San Feliciano Drive, Woodland Hills.
2. Emergency Locate Request: A written request received by the Contractor from the RNC or Public Works, requesting locating services due to a sudden or unexpected occurrence demanding immediate action to prevent or mitigate loss of, or damage to, life, health, property, or essential public services.
3. Field Locate: Each excavation notice (ticket) received by the Contractor from the RNC or Public Works requiring the Contractor to make a field visit for locating and marking of an underground facility, up to 400 feet, during normal working hours. Field Locates include tickets requiring

a second field visit to mark a previously located facility when the excavation work exceeds 14 days. A Field Locate shall be paid at a unit price. A Field Locate that requires locating and marking beyond the initial 400 feet shall be paid at the Field Locate unit price for each additional 400 feet.

4. Field Screen: Each ticket received by the Contractor from the RNC or Public Works requiring a field visit but which does not result in a physical or electronic locating of facilities due to (a) lack of sufficient information to determine the presence of underground facilities, (b) ticket error, (c) project contractor no-show, or (d) insufficient Contractor notice resulting in excavation being completed prior to locating facilities.
5. Multiple Locate Pricing: Reduced price for locating multiple utilities for the same excavation, project, operator, etc. Price should reflect savings to Contractor for locating one, two, or three utilities in addition to Public Works facilities.
6. Office Screen: Each ticket received by the Contractor from the RNC that requires off-site or in-house analysis, phone calls, record retrieval, or communication with Public Works staff to determine a Field Locate is not required. An Office Screen shall be paid at a unit price. Tickets for locates outside the County Waterworks District's service area shall not be considered Office Screens and shall not be charged to Public Works.
7. Underground Installation: A water structure, pipe, valve, vault, line, or other equipment owned and operated by Public Works and the County Waterworks Districts and installed underground.

G. Scope of Underground Utility Marking Services

Underground utility marking services shall consist of performing all operations to locate underground water utility installations (facilities) within the Service Area.

The Contractor shall:

1. Have in operation an office staffed with personnel qualified to facilitate all requests to locate underground facilities for Public Works. The office shall have an e-mail address and a phone number staffed

PART I - SPECIFICATIONS AND CONDITIONS (continued)

to receive requests/calls from Public Works staff or other facility owners during normal Public Works business hours. An after hours phone number shall also be available for after hours emergencies.

In addition, the Contractor shall provide means to communicate with or notify locators or owners when emergency communication is required. The Contractor shall, at a minimum, provide communication with its locators through local paging and cellular telephone service.

2. Receive and respond to all tickets from the RNC or Public Works within the areas illustrated on Exhibit A. All tickets for the North Maintenance Area (District Nos. 36, 37 and 40), will be received and screened by Public Works' Lancaster office. Tickets requiring a Field Locate will be forwarded to the Contractor in a timely manner, via e-mail. The Contractor shall receive all tickets for Public Works' South Maintenance Area directly from the RNC.

3. Consult such maps and records as are reasonably available for each RNC or Public Works request to ensure all facilities are located and marked.

Although maps and records provided by Public Works are intended to serve as a guide, Contractor shall have the responsibility to properly locate the facilities and shall exhaust all reasonable methods of electronic and visual locating of underground facilities. Contractor shall immediately notify Public Works of any inability to locate such facilities.

4. Maintain all Public Works maps and records as confidential information. All maps and records shall remain the property of Public Works and shall be returned immediately upon termination of this Contract.
5. Have data receiving equipment that is compatible with and in compliance with requirements of the RNC.
6. Orally notify the excavator, if present at the site, of the existence of Public Works' underground facilities at the excavation site, and shall inform the excavator how the facilities have been identified and marked.

PART I - SPECIFICATIONS AND CONDITIONS (continued)

7. Perform sufficient levels of oversight and review to assure all Field Locates are performed correctly and accurately and to the specifications of California Government Code Section 4216. Should it appear that some of the locating and marking work does not meet these requirements, the Contractor shall put in place policies and procedures to assure Public Works that the deficiencies are corrected. Public Works expects that the work done by the Contractor shall be of the highest, professional quality.
8. Mark the actual path of the facilities on concrete or asphalt surfaces with paint conforming with the standard color codes as specified in the RNC standards. The color to be used for water installations shall be blue. Contractor shall use offset markings as necessary to provide protection when the nature of the work requires or may require the removal of the marked surface, or otherwise impair, hide, or cover up the markings.
9. Provide all materials used to mark the location of Public Works' underground facilities, which shall include but not be limited to paint, chalk, marking flags, or other suitable means that meet State requirements. Flags or stakes shall be used to mark landscaped areas such as lawns, gardens, flowerbeds, decorative rocky areas, and any other place where paint may cause harm or permanently damage the existing surface.
10. Warrant that all painted markings, offset marking stakes, flags, etc., placed for Public Works shall be adequate for their intended purpose.
11. Place markings within 24 inches of actual facility location. Any marking which varies in excess of 24 inches shall be considered to be an incorrect marking. Location of markings (paint, flags, and/or stakes) shall be consistent with RNC requirements.
12. Ensure that employees sign and date tickets for all successful locates and turn them into the Contractor's office upon completion. If unable to locate the underground facilities, the Contractor shall contact the ticket originator listed on the ticket by telephone to verify that the ticket is accurate. If still unable to locate the facility, the Contractor shall immediately contact Public Works' District office by telephone to determine if District staff needs to meet Contractor's

PART I - SPECIFICATIONS AND CONDITIONS (continued)

field locator onsite to complete the locate or if the ticket will result in a Field Screen.

The RNC will notify the Contractor if, at any time during an excavation, the Contractor's field markings for a valid prior ticket are no longer visible. Within 48 working hours, the Contractor shall relocate and remark the affected underground facilities, according to the requirements of this Contract.

13. Perform all Field Locates within 48 working hours. All tickets received with 48-hour notice may be responded to at the Contractor's convenience, provided the locate is completed prior to the announced start of excavation activity. Contractor shall respond to locating requests from sources other than the RNC operator (Public Works staff or outside contractor) in the same manner as a normal request. In the case of Emergency Locates and same-day requests, Contractor shall respond within the response time requirements listed below. Response time is of the essence in the performance of these services.
14. Respond to all Emergency Locate Requests placed by Public Works staff during normal Public Works business hours within two hours of request. All other Emergency Locate Requests, whether during or after Public Works business hours and from operators other than Public Works, shall be responded to within four hours of receipt by Contractor. Typically, Emergency Locates are not delineated in the field by the ticket originator.
15. Respond to all excavation notices requiring same-day response within 24 hours or prior to the announced start of excavation activity, whichever is less.
16. Be compensated for screening tickets if it is determined that a Field Locate is not required. Office Screens consist of off-site or in-house analysis, phone calls, record retrieval, or communication with Public Works staff to determine that a Field Locate is not required. Office Screens shall be paid on a per Office Screen basis. Tickets for locates outside the District's service area shall not be considered Office Screens and shall not be charged to Public Works. If the Contractor receives a ticket that falls outside Public Works service area, the Contractor shall inform the RNC that Public Works' Waterworks Districts Nos. 29, 36, 37, 40 and Marina Water System do not operate any underground facilities that

PART I - SPECIFICATIONS AND CONDITIONS (continued)

would be affected by the proposed excavation. Contractor shall maintain a record of all tickets falling outside the service area for reference purposes.

Field Screens require a field visit but do not require physical or electronic locating of facilities and shall be paid on a per Field Screen basis. Before classifying a ticket as a Field Screen when unable to locate an underground facility, the Contractor shall first verify that the information on the ticket is accurate by calling the ticket originator. If still unable to locate the facility, the Contractor shall immediately contact Public Works District office by telephone to determine if District staff needs to meet Contractor's field locator onsite to complete the locate or if the ticket will result in a Field Screen. For each Field Screen, the Contractor shall identify the specific reason(s) that the Field Locate was not required, including (a) ticket error, (b) project contractor no-show, or (c) insufficient Contractor notice resulting in excavation being completed prior to locating facilities.

For every monthly billing containing screens, Contractor shall submit supporting documentation listing the steps taken to determine that a Field Locate was not required. Contractor shall be compensated on a per Field Screen basis.

17. Investigate all dig-in damages using the attached "Dig-In Reporting and Investigation Procedure" (Exhibit C). Contractor shall be responsible for all claims, suits, liabilities, or other damages resulting in missed, omitted, or errant markings and/or other acts of negligence caused by its employees in the performance of their work. If it is determined by Public Works and/or Contractor that a third party is responsible for damages to Public Works facilities, Public Works will pursue claim against third party. If there is a dispute over third party claims and that dispute is between Contractor and third party, Contractor shall be responsible for resolving that dispute.
18. Not deface or damage property when marking driveways, sidewalks, patios, etc. Any property damaged by Contractor shall be restored or replaced by Contractor at Contractor's expense, to the satisfaction of the property owner and the Public Works inspector. Contractor shall

PART I - SPECIFICATIONS AND CONDITIONS (continued)

be responsible for the removal of all markings Contractor has made which deface or damage property.

This information shall be provided to the Public Works representatives monthly and upon request. Records of all tickets shall be maintained for a period of not less than three years. Records shall be available for inspection by Public Works representatives during normal working hours.

J. Hours and Days of Locating and Marking Services

PART I - SPECIFICATIONS AND CONDITIONS (continued)

In addition to the safety devices named above, Contractor shall provide the following and ensure that employees use and/or display them at all times:

1. Appropriate uniforms clearly displaying Contractor's name and logo;

A. Award of Contract

The County reserves the right to award the Contract to the Proposer(s) whose Proposal provides the most beneficial program and price, with all other factors considered. The awardee(s) shall sign and return this Contract, together with copies of the required insurance certification, within 14 days after notification by Public Works of intent to recommend award of this Contract to the Board.

B. Final Contract Award by Board

Notwithstanding a recommendation of a department, agency, individual, or other, the Board retains the right to exercise its judgment concerning the selection of a proposal and the terms of any resultant agreement, and to determine which proposal best serves the interest of the County. The Board is the ultimate decision making body and makes the final determinations necessary to arrive at a decision to award, or not award, a contract.

C. Legal Status of Contractor's Personnel at Facility

Contractor warrants that it fully complies with all laws regarding employment of aliens and others, and that all of its employees performing services hereunder meets the citizenship or alien status requirements contained in Federal and State statutes and regulations including, but not limited to, the Immigration Reform and Control Act of 1986 (PL. 99-603). Contractor shall obtain, from all covered employees performing services hereunder, all verification and other documentation of employment eligibility status required by Federal statutes and regulations as they currently exist and as they may be hereafter amended. Contractor shall retain such documentation for all covered employees for the period prescribed by law. Contractor shall indemnify, defend, and hold harmless, the County, its officers and employees from employer sanctions and any other liability which may be assessed against Contractor or County or both in connection with any alleged violation of Federal statutes or regulations pertaining to the eligibility for employment of persons performing services under this Contract.

D. County Lobbyists

Each County lobbyist, as defined in the Los Angeles County Code Section 2.160.010, retained by Proposer submitting a response to this Request for Proposals or Contractor awarded this Contract shall be in full compliance with Chapter 2.160 of the Los Angeles County Code. The Proposer's/Contractor's signature on the Proposal/Contract is its certification that it is in full compliance with Chapter 2.160. Failure on the part of any County lobbyist retained by Proposer/Contractor to fully comply with the County Lobbyist Ordinance shall be sufficient cause for rejection of the Proposal or shall constitute a material breach of this Contract upon which the County may immediately terminate or suspend this Contract.

E. Evaluation of Proposals

All responses to this Request for Proposals become the property of the County. Upon receipt of said Proposal as specified, the County will select a Contractor from among those submitting Proposals. The proposed Contract may be submitted to the Director or Board for consideration and possible approval.

The County may require whatever evidence it deems necessary relative to the Proposer's financial stability. Proposers' financial statements and other portions of the Proposal may be reviewed by the Public Works financial staff in order to assist the evaluators.

The County reserves the sole right to judge the Proposer's written and oral representations. The County may make onsite inspections of Proposer's current jobs.

Public Works may, at its option, invite some or all of the Proposers to make a presentation and participate in an interview before a final selection is made.

F. Evaluation Criteria

The evaluation criteria to be used in the selection process will include, but is not limited to the following considerations:

1. Proposals will first be reviewed on a Pass/Fail basis. Proposals not meeting all of these requirements will be rejected as nonresponsive:

PART I - SPECIFICATIONS AND CONDITIONS (continued)

- a. Proposal was timed stamped by the Cashier prior to the deadline for submission of the Proposal.
  - b. Proposer's Safety Record which reflects that the Proposer has provided services in a safe manner.
  - c. Proposer shows an ability to meet insurance requirements.
  - d. Proposer has met the GAIN/GROW requirements.
  - e. Proposer has submitted to the Child Support Services Department the Principal Owner Information and Child Support Compliance Program Forms.
  - f. Proposer has complied with the instructions for preparing a complete Proposal and has signed all appropriate forms and Part I, Section 6, Schedule of Prices.
  - g. Proposer has submitted the Jury Service Program Certification Form and Application for Exception stating that it accepts and will comply with the program requirements or establishing its entitlement to an exception to the program.
  - h. Proposer has completed and submitted Exhibit B.
2. Proposals passing the first step will be evaluated based on the following:
    - a. Proposed Cost (45 points)

The proposed price should accurately reflect the Proposer's cost of providing the required services and any profit expected during the Contract term. Percentage discounts for Field Locates and Field Screens involving other utilities in addition to the County as listed in Part I, Section 6, Schedule of Prices, will not be factors in determining the lowest cost Proposal. The lowest Total Proposed Annual Price quoted in the Schedule of Prices (Part I, Section 6), will receive the full weight of this evaluated item (45 points). Other Proposals will receive a prorated score calculated as follows: divide the lowest Total Proposed Annual Price by each other Proposers' Total Proposed Annual Price and multiply the result by the maximum possible

PART I - SPECIFICATIONS AND CONDITIONS (continued)

points for this evaluation criterion (45 points). However, the Proposal with the lowest Total Proposed Annual Price may not necessarily be awarded a contract.

In addition, should one or more of the Proposers request and be granted the Local SBE Preference, the price component points will be determined as follows:

Five percent (5%) of the lowest price proposed will be calculated, which shall not exceed \$50,000, and that amount will be deducted from the price submitted by all Local SBE Proposers who requested and were granted the Local SBE Preference.

b. References (15 points)

Public Works will check at least three of the Proposer's references for overall satisfaction with Proposer's services, with priority given to services provided to other County departments. One or more unfavorable references may result in rejection of the Proposal.

A score of zero in this evaluation category is unacceptable and may result in rejection of the Proposal.

c. Technical Competence (20 points)

Technical competence to perform the work specified in Part I, Section 2, Scope of Work and included in Exhibit B, Proposer Questionnaire. Factors to be considered include, but are not limited to experience, familiarity with similar types of projects, and assigned personnel.

A score of zero in this evaluation category is unacceptable and may result in rejection of the Proposal.

d. Approach to Work (20 points)

Factors to determine the adequacy and effectiveness of Proposer's methods to conduct and accomplish a successful program will include, but not be limited to work methodology, activity coordination, size

*PART I - SPECIFICATIONS AND CONDITIONS (continued)*

and appropriateness to geographic area, training, the ratio of supervisor/staff to workers, equipment, etc.

A score of zero in this evaluation category is unacceptable and may result in rejection of the Proposal.

SECTION 4

GENERAL INDEMNIFICATION AND INSURANCE REQUIREMENTS

A. Independent Contractor Status

This Contract is by and between the County and the Contractor and is not intended, and shall not be construed, to create the relationship of agent, servant, employee, partnership, joint venture, or association between the County and Contractor.

Contractor understands and agrees that all persons furnishing services to County pursuant to this Contract are, for all purposes including, but not limited to Workers' Compensation liability, employees solely of Contractor and not of County.

Contractor shall bear the sole responsibility and liability for furnishing Workers' Compensation and all other benefits required by law to any person for injuries arising from or connected with services performed on behalf of Contractor pursuant to this Contract.

B. Indemnification

The Contractor shall indemnify, defend, and hold harmless the County, its special districts, elected and appointed officers, employees, and agents (County) from and against any and all liability, including but not limited to demands, claims, actions, fees, costs, and expenses (including attorney and expert witness fees), arising from or connected with Contractor's acts and/or omissions arising from and/or relating to this Contract.

C. Workplace Safety Indemnification

Any payment for discrepancies or disputes will be withheld until resolved. Public Works agrees to make payment to the Contractor within 30 days of the receipt of a properly completed invoice from the Contractor.

SECTION 2

GENERAL PROPOSAL REQUIREMENTS AND CONDITIONS

A. Knowledge of Work to be Done

By submitting a Proposal, Proposers will be held (1) to have carefully read the solicitation document and all attachments, (2) to have satisfied themselves as to their ability to meet all of the difficulties attending the execution of the proposed work before the delivery of their Proposal, and (3) agree that if awarded this Contract, no claim will be made against the County based on ignorance or misunderstanding of the solicitation document.

B. Withdrawal of Proposals

Proposers may withdraw their Proposal anytime before the date and hour set for submission upon presentation of a written request to the Director signed by an authorized representative of the Proposer or by the person filing the Proposal.

C. Invalid Proposals

It is the sole responsibility of the Proposer to see that its Proposal is properly received by Public Works before the submission deadline. Proposers shall bear all risks associated with private delivery services or with delays in the U.S. Mail.

Proposals submitted by telegram and those which are not clocked in at Public Works' Headquarters Lobby Cashier before the date and hour set for receipt of the same will not be considered and will be returned to the Proposer unopened.

D. Altering Solicitation Document

The wording of the solicitation document shall not be changed. Any additions, conditions, limitations, or provisions inserted by the Proposer shall render their Proposal irregular and may cause its rejection.

E. Term of Proposals

All Proposals shall be firm offers and may not be withdrawn for a period of 120 days following the last day to accept Proposals.

F. Acceptance or Rejection of Proposals

The right is reserved to reject any or all Proposals not suitable in the judgment of the Board/Director to be in the best interests of the County/Public Works. In the event of any such rejection, the County will not be liable for any costs incurred in connection with the preparation and submittal of a Proposal.

Proposals signed by an agent other than an officer of a corporation or a member of a general co-partnership, must be submitted with a power of attorney authorizing such signature; otherwise, the Proposal will be rejected as irregular and unauthorized.

No Proposal will be considered unless the Proposer submits a Proposal for all requested items. If the solicitation document contains multi-Proposal requests, no Proposal will be considered unless the Proposer submits a price on all items within each category, though the Proposer may not be required to submit a price on all the categories.

G. Qualification of Proposer

No award will be made to any Proposer who cannot give satisfactory assurance as to its ability to carry out this Contract, based both on financial strength and experience as a contractor on work of the nature contemplated in the proposed Contract. Proposers are encouraged to submit records of work of similar nature, size, or extent to that proposed under these Specifications. A reasonable inquiry to determine the responsibility of a Proposer will be conducted. The unreasonable failure of a Proposer to promptly supply information in connection with such inquiry, including, but not limited to information regarding past performance, financial stability, and ability to perform on schedule, may be grounds for a determination of nonresponsibility with respect to such Proposer. Unfamiliarity with the type of work required by Public Works may be sufficient cause for rejection of the Proposal.

H. Proposer's Safety Record

A review of the Proposer's safety record will be made before the award. Proposers are required to submit this information, with their Proposal, on the Contractor's Industrial Safety Record form provided. Nonsubmission or an adverse finding as to the Proposer's safety record may be sufficient cause for rejection of the Proposal.

*Part II--Service Contract General Requirements (continued)*

I. Proposer's License Requirements

Proposers shall be properly licensed by the State of California to perform the work proposed under these Specifications. Lack of proper license at the time of submission of Proposal will be sufficient cause for rejection of the Proposal.

J. Wages, Materials, and Other Costs

It is the responsibility of the Proposer to calculate the Proposal price to take into consideration a possible escalation of wages, materials, and other costs during the contract period. The Board, County, Public Works, District, or Director do not presume what future costs may be or the rate of wages that may become necessary to pay employees of the Contractor for the work performed during the Contract period.

K. Qualifications of Subcontractors

Proposers shall list all subcontractors to be used on the List of Subcontractors form provided. The use of subcontractors shall be according to the provisions of Part II, Section 4, Paragraphs D and G. Subcontractors shall be properly licensed under the laws of the State of California for the type of work which they are to perform. Alternate subcontractors shall not be listed for the same work.

L. Opening of Proposals

Proposals will not be publicly opened.

M. Disqualification of Proposers

More than one Proposal from an individual, firm, or partnership, corporation, or association under the same or different names will not be considered. Reasonable grounds for believing that any Proposer has interest in more than one Proposal for the work contemplated will cause the rejection of all Proposals in which such Proposer has interest. If there is reason for believing that collusion exists among the Proposers, none of the participants in such collusion will be considered in this or future Proposals.

*Part II--Service Contract General Requirements (continued)*

N. Proposal Prices and Agreement of Figures

If the total amount arrived at by multiplying the unit price times the quantity does not agree with the total amount entered for the item or if the total amount is not entered, the unit price and the corrected extension will be considered as representing the Proposer's intentions.

If the total amount is entered for the item, but not the unit price, the unit price will be that which is derived by dividing the total amount proposed for the item by the number of units in the item as representing the Proposer's intentions.

If the items are incorrectly totaled, the corrected total will be considered as representing the Proposer's intentions.

O. Disclosure of Contents of Proposals

All Proposals in response to the solicitation document will become the exclusive property of the County. At such time as Public Works recommends the award of this Contract to the Board and that letter appears on the Board's agenda, all Proposals will become a matter of public record and will be regarded as public records, except those parts of each Proposal which are defined by the Proposer as business or trade secrets, and plainly marked as "trade secret." Designation of all or substantial portions of the Proposal as "trade secret" or inappropriate designation of portions of the Proposal as "trade secret" may result in the Proposal being rejected as nonresponsive. The County will not in any way be liable or responsible for the disclosure of any such records, or any parts thereof, if disclosure is required or permitted under the California Public Records Act or otherwise by law.

P. Gratuities

It is improper for any County officer, employee, or agent to solicit consideration, in any form, from a Proposer with the implication, suggestion, or statement that the Proposer's provision of the consideration may secure more favorable treatment for the Proposer in the award of this Contract or that the Proposer's failure to provide such consideration may negatively affect the County's consideration of the Proposer's submission. A Proposer shall not offer or give, either directly or through an intermediary, consideration, in any form, to a County officer, employee or agent for the purpose of securing favorable treatment with respect to the award of this Contract.

*Part II--Service Contract General Requirements (continued)*

A Proposer shall immediately report any attempt by a County officer, employee, or agent to solicit such improper consideration. The report shall be made either to the County manager charged with the supervision of the employee or to the County Auditor-Controller's Employee Fraud Hotline at (213) 974-0914 or (800) 544-6861. Failure to report such a solicitation may result in the Proposer's submission being eliminated from consideration. Among other items, such improper consideration may take the form of cash, discounts, service, the provision of travel or entertainment or tangible gifts.

**Q. Determination of Proposer Responsibility**

1. A responsible Proposer is a Proposer who has demonstrated the attribute of trustworthiness, as well as quality, fitness, capacity, and experience to satisfactorily perform the proposed contract. It is the County's policy to conduct business only with responsible contractors.
2. Proposers are hereby notified that, in accordance with Chapter 2.202 of the County Code, the County may determine whether the Proposer is responsible based on a review of the Proposer's performance on any contracts, including but not limited to County contracts. Particular attention will be given to violations of labor laws related to employee compensation and benefits, and evidence of false claims made by the Proposer against public entities. Labor law violations which are the fault of subcontractors and of which the Proposer had no knowledge shall not be the basis of a determination that the Proposer is not responsible.
3. The County may declare a Proposer to be non-responsible for purposes of this proposed Contract if the Board, in its discretion, finds that the Proposer has done any of the following: (1) committed any act or omission which negatively reflects on the Proposer's quality, fitness, or capacity to perform this proposed Contract with the County or a contract with any other public entity, or engaged in a pattern or practice which negatively reflects on same, (2) committed an act or omission which indicates a lack of business integrity or business honesty, or (3) made or submitted a false claim against the County or any other public entity.
4. If there is evidence that the highest rated Proposer may not be responsible, Public Works will notify the Proposer in writing of the evidence relating to the Proposer's responsibility, and its intention to recommend to the

*Part II--Service Contract General Requirements (continued)*

Board that the Proposer be found not responsible. Public Works will provide the Proposer and/or the Proposer's representative with an opportunity to present evidence as to why the Proposer should be found to be responsible and to rebut evidence which is the basis for Public Works' recommendation. If the Proposer fails to avail itself of the opportunity to rebut Public Works' evidence, the Proposer may be deemed to have waived all rights of appeal.

5. If the Proposer presents evidence in rebuttal to Public Works, Public Works will evaluate the merits of such evidence, and based on that evaluation, make a recommendation to the Board. The final decision concerning the responsibility of the Proposer will reside with the Board.
6. These terms shall also apply to proposed subcontractors of Proposer on County contracts.

R. Proposer Debarment

1. The Proposer is hereby notified that, in accordance with Chapter 2.202 of the County Code, the County may debar the Proposer from bidding on other County contracts for a specified period of time, not to exceed 3 years, and the County may terminate any or all of the Proposer's existing contracts with County, if the Board finds, in its discretion, that the Proposer has done any of the following: (1) violated any term of a contract with the County, (2) committed any act or omission which negatively reflects on the Proposer's quality, fitness, or capacity to perform a contract with the County or any other public entity, or engaged in a pattern or practice which negatively reflects on same, (3) committed an act or offense which indicates a lack of business integrity or business honesty, or (4) made or submitted a false claim against the County or any other public entity.
2. If there is evidence that the highest rated Proposer may be subject to debarment, Public Works will notify the Proposer in writing of the evidence which is the basis for the proposed debarment, and will advise the Proposer of the scheduled date for a debarment hearing before the Contractor Hearing Board.
3. The Contractor Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. The Proposer and/or the Proposer's representative shall be given an opportunity to submit evidence at that hearing.

*Part II--Service Contract General Requirements (continued)*

After the hearing, the Contractor Hearing Board will prepare a proposed decision, which will contain a recommendation regarding whether the Proposer should be debarred, and, if so, the appropriate length of time of the debarment. If the Proposer fails to avail itself of the opportunity to submit evidence to the Contractor Hearing Board, the Proposer may be deemed to have waived all rights of appeal.

4. A record of the hearing, the proposed decision and any other recommendation of the Contractor Hearing Board will be presented to the Board. The Board will have the right to modify, deny or adopt the proposed decision and recommendation of the Contractor Hearing Board.
5. These terms shall also apply to proposed subcontractors of Proposer on County contracts.

3. The County may debar a contractor if the Board finds, in its discretion, that the Contractor has done any of the following: (1) violated any term of a contract with the County, (2) committed any act or omission which negatively reflects on the Contractor's quality, fitness or capacity to perform a contract with the County or any other public entity, or engaged in a pattern or practice which negatively reflects on same, (3) committed an act or offense which indicates a lack of business integrity or business honesty, or (4) made or submitted a false claim against the County or any other public entity.

- c. If Contractor is not required to comply with the Jury Service Program when this Contract commences, Contractor shall have a continuing obligation to review the applicability of its "exception status" from the Jury Service Program, and Contractor shall immediately notify County if Contractor at any time either comes within the Jury Service Program's definition of "Contractor" or if Contractor no longer qualifies for an exception to the Program. In either event, Contractor shall immediately implement a written policy consistent with the Jury Service Program. The County may also require, at any time during this Contract and at its sole discretion, that Contractor demonstrate to the County's satisfaction that Contractor either continues to remain outside of the Jury Service Program's definition of "Contractor" and/or that Contractor continues to qualify for an exception to the Program.
- d. Contractor's violation of this Section of this Contract may constitute a material breach of this Contract.
